PROFILE

as a Front End Developer, I specialize in creating captivating user experiences and delivering top-notch web applications. My expertise in Tailwind CSS, JavaScript(ECMAScript 2015) , React.js, and HTML5 allows me to transform your ideas into visually stunning and highly functional designs. Let's collaborate to bring your vision to life with a blend of technical skill, creativity, and strategic insight.

PROJECTS

Amazon Clone — .Replicates key features of the e-commerce giant

Portfolio Website — Showcases my work and skills using Tailwind for a sleek design.

To-Do List — Helps manage tasks efficiently.

Weather App — Provides real-time weather updates.

Visit my GitHub to check them out!.
